Meet Gerber Life Insurance Company

Gerberlife.com
Gerber Life Insurance Company

Since 1967, Gerber Life Insurance Company has provided quality life insurance, especially for young families on a limited budget. As an affiliate of the Gerber Products Company, “the baby food people,” the two companies share a common goal: to help parents raise happy, healthy children.

At Gerber Life, we have an additional goal. It is our mission to be the brand parents trust to help them achieve financial security and protection for their families. By providing affordable, industry-leading juvenile life insurance and other financial products, we strive to give our customers the comfort and peace of mind they deserve.

Today Gerber Life is licensed to provide life insurance throughout the United States, Canada and Puerto Rico. We have more than \$37 billion of life insurance in force, and help provide financial security to over 3 million policies. Gerber Life has insurance products available for people at every stage of life. Source: Gerber Life 2009 Annual Statement.

Gerber Life Named To “Ward’s 50” For 2009

Gerber Life was named one of the Top 50 Performing Life & Health Companies in the U.S. in 2009 by the Ward Group, an operational consulting firm and leading provider of benchmarking services to the insurance industry. This special recognition reflects Ward’s analysis showing that Gerber Life passed all safety and consistency screens and achieved superior performance during the five years analyzed.

A Company you can depend on...

We know our customers want a strong company that will be there now and in the future. That’s why Gerber Life is conservatively managed to ensure long-term growth and financial stability. This approach has resulted in assets under management of more than \$1.5 billion with almost 100% of our portfolio in high-quality investments. Source: Gerber Life 2009 Annual Statement.

Further, A.M. Best—the impartial reporting firm that rates insurance companies on financial stability, management and integrity has awarded Gerber Life an “A” (Excellent) rating. The rating refers only to the overall status of the Company and is not a recommendation of specific policy provisions, rates or practices of the Company.

At Gerber Life,

“We’re with you every step of the way.”

Service Commitment

Administrative Concepts, Inc. is committed to providing superior services. We are focused on staying abreast of the constant changes in the insurance industry and medical profession while our concentration is and will remain on satisfying the special needs of the student community. ACI is fully automated and HIPAA compliant.

Customer service is an area of major importance to any company. ACI believes that it is even more important for us. Our callers are individuals who are not only injured or ill; many are young people, away from home for the first time. Our employees are not only prepared to listen to a student's problem and explain their benefits, but to guide them to the health service on campus or to a physician or hospital.

Many of our callers are international students attending a college in the United States or in another country. The international community is often not familiar with the managed care system in the United States. ACI is prepared to work with language barriers and understand cultural differences.

ACI Customer Service hours are from 8:00 a.m. to 5:00 p.m., Monday through Friday. All calls are recorded, logged, and monitored. System telephone calls are reviewed by the Manager of Quality Assurance. While customer service representatives do not process claims, they receive the same training as the claims examiners.

Customer service representatives are available to assist students with questions concerning policy benefits, premium, eligibility, and claim payment. Spanish and French as well as English representatives are available at ACI along with immediate access to multilingual representatives to accommodate other language needs.

Serving the Student Community

Administrative Concepts, Inc.

ACI is incorporated under the laws of Pennsylvania, and is a third-party administrator primarily for Special Risk, Student Medical, Intercollegiate Sports, and International Insurance programs. Our contracts with major insurance carriers provide the underwriting stability for the comprehensive policies we administer.

Claims Technicians

Claims technicians who are fully versed in medical and insurance terminology are assigned to each account. In addition to initial and subsequent training programs, a library of medical information, State Insurance Department Requirements, and HIPAA Compliance Regulations are maintained. Experience with student insurance programs augments their ability to quickly process claims.

Technology

The Trizetto (Qiclink) software package is integrated with state-of-the-art web technology.

Website

The secure ACI website, www.visit-aci.com, has been designed to accommodate the busy schedules of college students and health service personnel and is available 24 hours a day. User-friendly screens allow easy enrollment or waiver of the insurance plan, electronic payment of the premium by check or credit card, and the ability to immediately print an identification card and Schedule of Plan Benefits.

Online Claim Status

Online claim status provides instant access to all claims submitted. Information for all bills may be viewed and an Explanation of Benefits printed. Claim status is available for providers, health services, and athletic trainers, as well as students.

Cost Containment

While fast, accurate claim payment is the foundation of a third-party administrator, containing costs is also of extreme importance. ACI partners with:

- MDR Pricing Management
- Medical Review Institute of America, Inc
- Trilogy Claims Administration Manual
- Choice Point
- MEDCO
- Europ Assistance

Preferred Provider Organizations

Perhaps the most visible and proven method of containing costs is the discounting of medical bills through a Preferred Provider Organization. Contracting with PPO's across the country provides the flexibility to establish a managed care network that will best service each institution. Working in conjunction with the student health service as the "Gatekeeper" enhances the process.

Reporting

Accurate loss information provided on a monthly basis enables the broker to work directly with college officials to develop the benefit and rate structure that is most advantageous to each college.
